

# IPRODIONE 2F SELECT™

## Safety Data Sheet

### 1. IDENTIFICATION

**Product Identifier****Product Name**

Iprodione 2F Select

**Registration Number(s)**

Reg. No. 89442-28

**Recommended use of the chemical and restrictions on use****Recommended Use**

EPA registered insecticide.

**Details of the supplier of the safety data sheet Manufacturer Address**

Prime Source, LLC  
10025 US 264 Alternate  
Middlesex, NC 27557  
877-235-0043

**Emergency Telephone Number****Emergency Telephone (24 hr)**

For fire, spill and/or leak contact CHEMTREC:  
1-800-424-9300

### 2. HAZARDS IDENTIFICATION

**EMERGENCY OVERVIEW:** This chemical is a product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-EPA registered chemicals. Please see Section 15 for additional EPA information.

**Appearance** Opaque liquid**Physical State** Liquid**Odor** Slight**Classification**

Acute toxicity - Inhalation (Vapors)

Category 3

Carcinogenicity

Category 1A

**Signal Word**

Danger

**Hazard Statements**

Toxic if inhaled

May cause cancer

**Precautionary Statements - Prevention**

Obtain special instructions before use

# IPRODIONE 2F SELECT™

Do not handle until all safety precautions have been read and understood

Use personal protective equipment as required

Avoid breathing dust/fume/gas/mist/vapors/spray

Use only outdoors or in a well-ventilated area

## **Precautionary Statements - Response**

If exposed or concerned: Get medical advice/attention

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing

Call a POISON CENTER or doctor/physician

## **Precautionary Statements - Storage**

Store locked up

Store in a well-ventilated place. Keep container tightly closed

## **Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant

## **Other Hazards**

Toxic to aquatic life with long lasting effects

## **3. COMPOSITION/INFORMATION ON INGREDIENTS**

| Chemical Name                                                       | CAS No     | Weight-%    |
|---------------------------------------------------------------------|------------|-------------|
| Petroleum distillates, solvent-refined light paraffinic             | 64741-89-5 | 31.23-33.17 |
| 3-(3,5-Dichlorophenyl)-2,4-dioxo-N-isopropylimidazole-1-carboxamide | 36734-19-7 | 23.1-24.5   |

\*\*If Chemical Name/CAS No is "proprietary" and/or Weight-% is listed as a range, the specific chemical identity and/or percentage of composition has been withheld as a trade secret.\*\*

## **4. FIRST-AID MEASURES**

### **First Aid Measures**

#### **General Advice**

When possible, have the product container or label with you when calling a poison control center or doctor or going for treatment.

#### **Eye Contact**

Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Call a poison control center or doctor for treatment advice.

#### **Skin Contact**

Take off contaminated clothing. Wash off immediately with plenty of water for at least 15 minutes. Call a poison control center or doctor for treatment advice.

#### **Inhalation**

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Give oxygen if breathing is difficult. If breathing has stopped, call 911, give artificial respiration. Seek medical advice.

#### **Ingestion**

Do not induce vomiting, unless directed by medical personnel. Get immediate medical attention. If conscious, give 1 glass of water to dilute. Never give anything by mouth to an unconscious person.

## **Most important symptoms and effects**

|                 |                                                                                           |
|-----------------|-------------------------------------------------------------------------------------------|
| <b>Symptoms</b> | Nausea, vomiting, abdominal cramps, and loss of coordination. Possible aspiration hazard. |
|-----------------|-------------------------------------------------------------------------------------------|

## **Indication of any immediate medical attention and special treatment needed**

|                           |                        |
|---------------------------|------------------------|
| <b>Notes to Physician</b> | Treat symptomatically. |
|---------------------------|------------------------|

## **5. FIRE-FIGHTING MEASURES**

### **Suitable Extinguishing Media**

Foam. Carbon dioxide (CO<sub>2</sub>). Dry chemical. Water spray (fog).

**Unsuitable Extinguishing Media** Not determined.

### **Specific Hazards Arising from the Chemical**

Product is toxic by inhalation.

**Hazardous Combustion Products** Toxic gases may be formed by fire. Nitrogen oxides (NO<sub>x</sub>). Carbon oxides.

### **Protective equipment and precautions for firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Evacuate area of unprotected personnel. Remain upwind of fire to avoid hazardous vapors and decomposition products. Prevent runoff from fire control or dilution from entering streams, sewers, or drinking water supply.

## **6. ACCIDENTAL RELEASE MEASURES**

### **Personal precautions, protective equipment and emergency procedures**

|                             |                                                                                                                                                              |
|-----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Personal Precautions</b> | Wear protective clothing as described in Section 8 of this safety data sheet. Isolate hazard area. Keep unnecessary and unprotected personnel from entering. |
|-----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|

|                                  |                                                                                                                                                                  |
|----------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Environmental Precautions</b> | Prevent from entering into soil, ditches, sewers, waterways and/or groundwater. See Section 12, Ecological Information. See Section 13: DISPOSAL CONSIDERATIONS. |
|----------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### **Methods and material for containment and cleaning up**

|                                |                                                                                                                              |
|--------------------------------|------------------------------------------------------------------------------------------------------------------------------|
| <b>Methods for Containment</b> | Prevent further leakage or spillage if safe to do so. Dike far ahead of spill; use dry sand to contain the flow of material. |
|--------------------------------|------------------------------------------------------------------------------------------------------------------------------|

|                             |                                                                                                                                                                                                                               |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Methods for Clean-Up</b> | Absorb with inert material and then place in suitable container for chemical waste. Rinse area thoroughly. Absorb rinsate with appropriate absorbent and transfer this material to a properly labeled container for disposal. |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## *SELECT™*

### 7. HANDLING AND STORAGE

#### Precautions for safe handling

##### **Advice on Safe Handling**

Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Use personal protection recommended in Section 8. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wash face, hands, and any exposed skin thoroughly after handling. Open and handle container with care. Avoid spilling. Do not contaminate water, food or feed by storage, disposal or by cleaning equipment. Do not eat, drink, smoke, or apply cosmetics while handling this product. Avoid breathing vapors or mists. Use only outdoors or in a well-ventilated area.

#### Conditions for safe storage, including any incompatibilities

##### **Storage Conditions**

Keep container tightly closed and store in a cool, dry and well-ventilated place. Store locked up. Keep out of the reach of children. Store at ambient conditions. Keep/store only in original container.

##### **Packaging Materials**

Do not reuse container.

##### **Incompatible Materials**

10% potassium permanganate solution.

### 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Exposure Guidelines

The following information is given as general guidance

#### Appropriate engineering controls

##### **Engineering Controls**

THE FOLLOWING RECOMMENDATIONS FOR EXPOSURE CONTROLS/PERSONAL PROTECTION ARE INTENDED FOR THE MANUFACTURE, FORMULATION, PACKAGING AND USE OF THIS PRODUCT. FOR COMMERCIAL APPLICATIONS AND/OR ON-FARM APPLICATIONS OF END USE PRODUCTS CONTAINING THIS MATERIAL, CONSULT THE SDS OR PRODUCT LABEL FOR THE END USE PRODUCT.

#### Individual protection measures, such as personal protective equipment

##### **Eye/Face Protection**

Use splash goggles or face shield when contact may occur.

##### **Skin and Body Protection**

Wear chemical-resistant gloves, footwear, and protective clothing appropriate for the risk of exposure. Viton or other impervious gloves are required. Long sleeve shirt, trousers, and safety shoes.

##### **Respiratory Protection**

Ensure adequate ventilation, especially in confined areas. Wear an appropriate NIOSH/MSHA approved respirator if ventilation is inadequate.

##### **General Hygiene Considerations**

Handle in accordance with good industrial hygiene and safety practice. Wash face, hands and any exposed skin thoroughly after handling.

## 10. STABILITY AND REACTIVITY

### Reactivity

Not reactive under normal conditions.

### Chemical Stability

Stable under recommended storage conditions.

### Possibility of Hazardous Reactions

None under normal processing.

#### **Hazardous Polymerization**

Hazardous polymerization does not occur.

### Conditions to Avoid

See Sec. 7 Handling & Storage.

# IPRODIONE 2F SELECT™

## Incompatible Materials

10% potassium permanganate solution.

## Hazardous Decomposition Products

Toxic gases may be formed by fire. Nitrogen oxides (NOx). Carbon monoxide.

## 11. TOXICOLOGICAL INFORMATION

### Information on likely routes of exposure

#### Product Information

**Eye Contact** Avoid contact with eyes.

**Skin Contact** Avoid contact with skin.

**Inhalation** Toxic if inhaled.

**Ingestion** Do not ingest.

### Component Information

| Chemical Name                                                                         | Oral LD50            | Dermal LD50             | Inhalation LC50                                              |

OSHA (Occupational Safety and Health Administration of the US Department of Labor)

X - Present

### Numerical measures of toxicity

Not determined

# IPRODIONE 2F SELECT™

## 12. ECOLOGICAL INFORMATION

### Ecotoxicity

Toxic to aquatic life with long lasting effects. This chemical can contaminate surface water through aerial and ground spray applications. Under some conditions, it may also have a high potential for runoff into surface water after application. These include poorly draining or wet soils with readily visible slopes toward adjacent surface waters, frequently flooded areas, areas overlaying extremely shallow ground water, areas within in-field canals or ditches that drain to the surface water, areas not separated from adjacent surface waters with vegetated filter strips, and areas overlaying tile drainage systems that drain to surface water. This pesticide is toxic to invertebrates. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high-water mark. Drift and runoff may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washwater or rinsate.

### Component Information

| Chemical Name                                                                         | Algae/aquatic plants                                 | Fish                                                 | Toxicity to microorganisms | Crustacea                                                                                                                                        |

### Other Adverse Effects

Not determined

## 13. DISPOSAL CONSIDERATIONS

### Waste Treatment Methods

#### **Disposal of Wastes**

Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative of the nearest EPA Regional Office for guidance.

#### **Contaminated Packaging**

Disposal should be in accordance with applicable regional, national and local laws and regulations.

### US State Regulations

#### California Proposition 65

This product does not contain any Proposition 65 chemicals.

# IPRODIONE 2F SELECT™

| Chemical Name                                                                           | California Proposition 65 |
|-----------------------------------------------------------------------------------------|---------------------------|
| 3-(3,5-Dichlorophenyl)-2,4-dioxo-N-isopropylimidazolidine-1-carboxamide<br>- 36734-19-7 | Carcinogen                |

## U.S. State Right-to-Know Regulations

| Chemical Name                                                            | New Jersey | Massachusetts | Pennsylvania |
|--------------------------------------------------------------------------|------------|---------------|--------------|
| Petroleum distillates, solvent-refined<br>light paraffinic<br>64741-89-5 |            | X             |              |

**EPA Pesticide Registration Number** Reg. No. 89442-28

## **EPA Statement**

This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-pesticide chemicals. Following is the hazard information as required on the pesticide label:

### **EPA Pesticide Label**

Signal Word: Caution

Harmful if swallowed, absorbed through skin, or inhaled. Avoid contact with skin, eyes, or clothing. Avoid breathing spray mist.

### **Difference between SDS and EPA pesticide label**

|                                     | EPA                              | OSHA               |
|-------------------------------------|----------------------------------|--------------------|
| <b>Signal Word</b>                  | Caution                          | Danger             |
| Acute toxicity - Oral               | Harmful if swallowed             | N/A                |
| Acute toxicity - Dermal             | Harmful if absorbed through skin | N/A                |
| Acute toxicity - Inhalation (Gases) | Harmful if inhaled               | Harmful if inhaled |
| Carcinogenicity                     | N/A                              | May cause cancer   |
