

Specimen Label

PRINCIPAL FUNCTIONING AGENTS:

Methylated seed oil, Branched alkyl phenol ethoxylate,
and Alkyl phenol ethoxylate.....100%
Total 100%

All ingredients in this product are exempt from the requirements of a tolerance as specified under Title 40, Code of Federal Regulations 180

KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS

WARNING: Causes eye irritation and skin irritation. May be harmful if swallowed or inhaled. Wear protective clothing, protecting gloves, and eye and/or face protection. Wash hands, face, and other affected areas thoroughly after handling. Do not eat, drink, or smoke while using this product. If eye or skin irritation occurs, seek medical attention.

FIRST AID

IF SWALLOWED: Call a POISON CENTER or doctor immediately for treatment advice if you feel unwell. Have the person rinse mouth and sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice.

IF ON SKIN: Call a POISON CENTER or doctor immediately for treatment advice if you feel unwell. Wash with plenty of water. If skin irritation occurs: Get medical advice.

IF ON CLOTHING: Take off contaminated clothing and wash it before reuse.

IF INHALED: Call a POISON CENTER or doctor immediately for treatment advice if you feel unwell. Remove person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth, if possible.

GENERAL INFORMATION

ELITE PINE AWAY™ is a multifunctional spray adjuvant developed as a penetrating surfactant concentrate and sticker/spreader with wetting, penetrating, and coating characteristics. **ELITE PINE AWAY™** is designed as a replacement for non-ionic surfactants, crop oil concentrates, and methylated seed oils in liquid spray mixtures. **ELITE PINE AWAY™** contains a proprietary agent that bonds the pesticide solution to the crop and decreases the chances of pesticide run-off due to rain. When used as directed, **ELITE PINE AWAY™** maximizes the activity and effectiveness of certain herbicides in post emergence applications. Therefore, care must be taken in treating sensitive crops during periods when plants are subjected to drought stress, high temperatures, and high humidity. **NOT FOR AQUATIC USE IN CALIFORNIA OR WASHINGTON STATE.**

FOR FORESTRY, INDUSTRIAL, RIGHTS-OF-WAY, AQUATIC AND OTHER USES AS DIRECTED ON PESTICIDE LABELS.

Environmental Hazards: Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment wash waters.

DIRECTIONS FOR USE

REFER TO PESTICIDE LABEL FOR SPECIFIC CROP USE AND APPLICATION RATES. Prior to use, read and follow all direction on this label and on the label of the pesticide being used. The pesticide manufacturer's label for specific usages and restrictions have precedence over DIRECTIONS FOR USE referred to on this label. Always add **ELITE PINE AWAY™** last to the spray mixture and provide good agitation.

USE RATES

FOR GROUND APPLICATIONS: Using at 1% v/v (25 GPA) will deliver 32 fluid ounces per acre.

FOR AERIAL APPLICATIONS: Using at 1% v/v (15 GPA) to 1.5% v/v (10 GPA) will deliver 19.2 fluid ounces per acre.

STORAGE AND DISPOSAL

Storage: Store product locked up and in original container away from pesticides, fertilizers, food and feed, and keep container tightly closed when not in use. Take care to prevent water from being introduced to the contents of this container. Keep away from sparks, flame, static electricity or other ignition sources. Shake well before use and keep from freezing. Avoid storage below 32°F. If **ELITE PINE AWAY™** is stored below 32°F, it may become cloudy and thicken. **ELITE PINE AWAY™** will return to its normal, clear fluid state above 32°F.

Disposal: Do not contaminate water, food, or feed by storage or disposal. Triple rinse container and pour rinsate into spray tank. Do not reuse container. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.acrecycle.org. Dispose of contents/container in accordance with local/national regulations.

WARRANTY

Red River warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to the label instruction, or any abnormal conditions, or under conditions not reasonably foreseeable to Red River, and buyer assumes the risk of any such use.
