PRODUCT DESCRIPTION

Endurant TE Turf Colorant is an eco-friendly organic pigment made with binders chosen specifically for it's excellent adherence to turfgrass. **Endurant TE Turf Colorant** is a temporary color enhancer intended for use from spring transition until approaching dormancy conditions occur, providing a natural looking green associated with actively growing healthy turf. It's visual appeal is unmatched by any other colorant staying consistent with superior colors, quality and value associated with the Endurant Turf Colorants line.

Simply mix **Endurant TE Turf Colorant**, according to label rates, in with weekly spray applications to provide color uniformity, to mask discoloration from chemical treatments and to present a vibrant, lush green appearance on a regular basis.

APPLICATION & RATES

Apply **Endurant TE Turf Colorant** at a rate of 8-24 ounce per acre. Increase or decrease rate to achieve desired color depth. Turf conditions, equipment calibration and depth of color causes coverage rates to vary.

Allow **Endurant TE Turf Colorant** to fully disperse into agitation following standard order of addition regarding pesticides, fungicides and fertilizers.

After application, clean tank with water and/or tank cleaner and according to pesticide manufacturer instructions if applicable.

DIRECTIONS FOR USE

Contents may settle: Shake or agitate well before mixing. It is recommended that prior to applying **Endurant TE Turf Colorant**, cut turf to desired height. Blow

surface free of debris, including clippings, leaves and worm castings. Nozzle types, pressure, spray angle and water carrier volume will all affect proper product distribution. Avoid overspray on areas such as curbing, concrete, tee markers or other objects where color is not desired. Accidental overspray may be decreased by immediately using a scrub brush with a mix of soap and water.

EQUIPMENT NOTICE

Please consult with your sales/technical representative for equipment recommendations. Rinse spray tank, screens, and soak nozzles thoroughly after using any colorant. **Endurant TE Turf Colorant** is tank mix compatible with numerous pesticides, herbicides, fungicides and fertilizers. Performing a standard compatibility jar test is strongly recommended for any tank mixtures. DO NOT combine any other products containing additional pigments to **Endurant TE Turf Colorant** as a negative discoloration of the product may occur.

PRECAUTIONS

Keep out of reach of children. Avoid contact with skin and wash immediately should this occur with soap and water. In case of eye contact, wash thoroughly with water. If irritation persists, contact a physician immediately. NOTICE TO BUYER: This product is intended for professionals. Users must exercise all due caution and judgment when applying the product under their particular growing conditions.
